Skwirk New User Tutorial

Parent Subscription

Welcome to your Skwirk account.

This is a quick step by step tour of the Skwirk website. It will take you through all the great features on Skwirk.

Happy Skwirling!

1. Progress

DETAILS PROGRESS REPORTS SUBSCRIBE/RENEW

Student Progress

When first logging into the Parent account you will be taken to the "PROGRESS" page where you can get a quick overview of your child's current progress in each subject.

Doctor Skwirk

Year 5

HASS/SOSE/HSIE	0%
English	0%
Science	0%
Maths	1%

2. Child Details

You'll also have access to view and modify their login information as well as adding additional children into the subscription. Click on your child's name to edit their details.

Manage Students

Add Child +

Search Q x

Rows (10) 1 Result(s)

First Name ▾	Last Name ▾	Username ▾	Password ▾	Year ▾	Date Created ▾	Expiry Date ▾
Doctor	Skwirk	The Professor	[REDACTED]	5	08/09/2016	08/09/2018

3. Child Details - Editing a Student

On this page you'll have access to modify the name, password and year level of your child.

4. View as Child - Child Selection

This feature will allow you to view the child's account as them. While accessing their account via this feature progress won't be recorded.

The screenshot shows the top navigation bar of the Skwirk dashboard. The 'VIEW AS CHILD' option is highlighted in yellow, and a dropdown menu is open showing 'Doctor Skwirk'. A green arrow points to this dropdown menu. The user profile 'Professor Skwirk' is visible in the top left, and search and power icons are in the top right.

View as Child - Child View

The screenshot shows the 'View as Child' interface for a student named 'Doctor Skwirk'. A 'Back to Parent Mode' button is in the top left. The student's profile picture is shown. The subject progress cards are: English (0%), Maths (1%), Science (0%), and HASS/SOSE/HSIE (0%). A green callout box on the right states: 'While viewing a student account via the "VIEW AS CHILD" function, you'll be able to view content and see more detailed progress information.'

Note: while you are in the "View as Child" mode, progress will not be recorded by your browsing. Please ask your child to log in to their own account for progress to be tracked.

5. Reports

The screenshot shows the 'Progress Reports' section. A green callout box states: 'You're also going to have access to run progress reports over a custom date range. To do this just click "REPORTS" in the menu, select your child and date range and click "Show Report".' The interface includes a 'Student' dropdown menu set to 'Doctor', 'From Date' (2015-12-01), and 'To Date' (2017-01-01). Green arrows point to these fields. Below are buttons for 'Show Report', 'Print Report', and 'Email'.
